Andrew Jackson Knew How

Andrew Jackson knew how to handle a recalcitrant France. One of the first steps of his administration was to pla collection of a huge debt hanging fire from the Napoleon wars. France ignored his demand for payment. So, Jackso named his secretary of treasury as ambassador to France. I finally went to Congress with a request for authority to se enough French property to pay what was due. And Fran rear and pitch! She even talked of war. But she ended up by PAYING! Much the same thing could be done now. Ourstat then might read up on their Jackson.

Thousands have Ended their Bowel Worries

by taking this advice!

Can constipation actually be overcome? "Yes!" say medical men. "Yes!" say the many thousands who have followed their advice *and know.*

You are not likely to cure your constipation with salts, pills, tablets, or any of the habit-forming cathartics. But you *can* correct this condition by gentle regulation with a suitable liquid laxative.

THE LIQUID TEST:

This is the way many men and women have made their bowels as regular as clockwork in a very short time.

First: select a properly prepared liquid laxative. Second: take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord.

Simple, isn't it? And it works! The right liquid laxative brings thorough bowel action without using force. An approved liquid laxative (one which is most widely used for adults and children) is syrup pepsin. Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a *natural* laxative. The bowels will not become dependent on this form of help, as in the case of mineral drugs.

Hospitals and doctors have always used liquid laxatives, the dose can be measured, and the action and results are thorough.

If there are children in your household, don't give them any form of laxative, but use a healthful, helpful preparation like syrup pepsin. Its very taste will tell you it is wholesome, and agreeable to the stomach. Delightful taste, and delightful action; there is no discomfort at the time, or after. Ask your druggist for Dr. Caldwell's Syrup Pepsin, all ready to take.

HONEST VALUES!

Honest values begin with selling products for exactly what they are. AMOCO-GAS, the original special motor fuel, sells at a premium. And is worth that premium in greater mileage--greater riding ease--and fewer repairs. ORANGE AMERICAN GAS--always sold for what it is--a regular gasoline--rates 12% better than U. S. Government specifications for motor gas. It is the finest gasoline selling at regular gas price.

A $1.00 Dinner for 4

SUMMER time is the time to get out and do things—contrary to the idea of many people that one must just exist and keep cool. Health experts tell us that we should swim, play golf, and do the things which put iron into our blood and healthful energy in our entire system. If you have been leading the sedentary life on honey-suckle salad and butterfly breasts—*try* a dinner with bean casserole, wait an hour or so, and dash off for a dip in the surf. Here is a menu:

Chilled Grapefruit Juice 15¢
Bean Casserole 35¢
Buttered Broccoli 25¢
Bread and Butter 5¢
Chocolate Ice Box Mold 16¢
Demi-Tasse 5¢

Bean Casserole: Put half of the beans from a 19-ounce can of kidney beans in a baking dish, slice over it half of a large tomato and sprinkle with salt and pepper. Cover with the remaining beans, the rest of the tomato, a little salt and pepper and sprinkle with four tablespoons grated cheese. Arrange Vienna sausages from a small can on top and bake for about twenty-five minutes in a moderate oven—375 degrees.

Chocolate Ice Box Mold: Melt one square of chocolate in a double boiler. Mix one-third cup milk with one-half can condensed milk, add to the chocolate and cook until thick. Add one-half teaspoon vanilla. Line the mold with six lady-fingers which have been split. Put in half of the chocolate mixture, a layer of fingers, the rest of the chocolate and top with fingers. Chill in the refrigerator for twenty-four hours. Serve sliced in a glass dish.

A Profitable Investment

EVENTS of the last few years have caused many people to ponder the insecurity and uncertainty of the average types of financial investments. This may lead to a more spiritual concept of substance, because a careful consideration discloses the fact that intrinsically in any form is unsubstantial, insecure, and uncertain; whereas the things of God are substantial, secure, and permanent. While legitimate investments, helpful to humanity, are quite proper when correctly entered into, nevertheless financial interests should at all times be secondary in consideration, and spiritual understanding of "the deep things of God," primary.

"To invest means, among other things, to confer, to endow, to vest (in). One of the definitions of "vest" is, "To put in possession so as to give an immediate fixed right of present or future enjoyment." How descriptive is this definition of the result which one obtains who turns to God, Spirit, for guidance, protection, supply, and peace! Reliance upon God bears immediate fruitage, for it indeed vests the reliant one with "an immediate fixed right" to enjoy the blessings from God's power. This reliance is not too transcendental in its adaptation or realization at this present and in all time. Centuries ago Christ Jesus used a parable to illustrate the value of the kingdom of heaven. He told of a man who found a "pearl of great price." Note, that while it was a pearl of great value, a "great price" was required to purchase it. So highly did the man value this pearl, and so much did he desire to possess it, that he "sold all that he had, and bought it." At another time Jesus said, "Seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you." Surely there could be no more profitable investment than the kingdom of God and His righteousness; and no greater profit could be obtained from an investment, for the promise is that not part of, but "all these things shall be added unto you."

By his words and works Christ Jesus, the Way-shower for mankind, revealed that it is always practical to seek first and always to do the will of the Father. His life demonstrated that such simple trust in God is the only really profitable investment and is entirely practical in human experience. No one, before or after Jesus' time, has ever shown forth, as did he, the wealth and profit which such an investment produces. His spirituality derived from God, Spirit, was sufficient to meet all human needs, even to raising the dead, stilling the tempest, walking on the water; and we may conclude that his own human need was provided for as well, without lack or limitation. His was the seamless garment of high price in those days. He had sufficient money to meet the financial requirements, such as paying taxes and current needs, such as paying taxes and contributing to the poor, and he was not at a loss to know what to do with the multitudes in the desert places. So practical was his faith and trust in God that he was able to feed all and leave a surplus.

Nor was the proof of God's ample reward confined to Christ Jesus or his time. Notable among those whose faith and trust in God was abundantly rewarded is Mary Baker Eddy, the Discoverer and Founder of Christian Science. Like the great Master, she not only was endued with pure spiritual understanding, but was able to demonstrate in practical manner that her faith in God was well rewarded in freedom from lack and limitation. She proved that pure spirituality cannot be denied expression. And in Christian Science, Mrs. Eddy has given the rules which enable others to invest their all with God and receive surely and abundantly the good which He has prepared for all His children.

As the understanding of God, good, unfolds in human consciousness through the study of Christian Science, the student finds that this correct knowledge of God brings healing from disease, deformity, discomfort, and fear. It comforts the sorrowing-hearted, and enlightens the heavy-hearted, and encourages the weary ones. Like the man who found the "pearl of great price," and sold all that he had in order to obtain it, the student of Christian Science finds it advisable and necessary to dispose of false mental concepts as soon as possible and strive to gain the pearl of spirituality, the consciousness of God's presence, power, and Science. "Seek-presence, power, and Science. "Seeking is not sufficient whereby to arrive; is not sufficient whereby to arrive; at the results of Science: you must strive; and the glory of the strife comes of honesty and humility." writes Mrs. Eddy. ("Miscellaneous Writings, p. 341). In the transitional state of consciousness these words on the same page are encouraging: "Do human hopes deceive? is joy a tremulous blur? Then, weary pilgrim, unloose the latchet of thy sandals; for the place whereon thou standest is sacred. By that, you may know you are parting with a material sense of life and happiness to win the spiritual sense of good. O learn to lose all sense of good. To learn to live eternal with God! and you find Life eternal with God! and you find Life eternal: you gain all."—*The Christian Science Monitor.*

FINE LAXATIVE And TONIC Most Speedy Remedies Known

A TONIC Laxative

CONSTIPATION, with the annoying symptoms that usually come with it, cuts down organic force and disturbs normal health and well-being. A thorough cleansing of the digestive tract is of great assistance in the removal of sickening constipation symptoms.

When excessive accumulated waste matter disturbs and strains the muscles of the large intestines, rendering them temporarily unable to perform their wave-like evacuating movements, Thedford's Black-Draught is useful in stimulating them to activity, which, if again started, should continue regularly until some future disturbance interferes. In this way, Thedford's Black-Draught is one of the TONIC laxatives, tending as it does, to establish a regular habit of evacuation.
